ENERGY MANAGEMENT POLICY

PREAMBLE: The institution recognises the need for prioritising energy management strategies keeping in view the importance of environmental issues in today's context.

STATEMENT: The institution conserves energy requirements in a balanced approach. Since the demand for energy is constantly rising, additional facilities are required to be added from time to time. However, the architecture of institution's building and classrooms use maximum amount of natural lighting by proper ventilation. The need for energy conservation is stressed upon to ensure lights and fans are minimally used.

ACTION PLAN:

1. To convert all the lights in classrooms and elsewhere to LED design.
2. To ensure that air conditioners are minimally used and new acquisitions are graded 3 STAR and ABOVE. In due course all ACs will be of minimum 3 STAR grade.
3. Institution has planned to install SOLAR Power as soon as construction work is completed. The Institution will need approximately 50 KW of Solar Power.
4. In the event of power failure, the institution has already installed a D.G set of 58.5 KVA which is adequate to cover light and fan load of the entire institution. Care has been taken to isolate load of ACs in the event of power failure.
5. Students are made aware of the need for energy conservation through regular inputs in various training programs and other interactions.
6. Acquire Energy Audit Certification.

GREEN CAMPUS POLICY

CONTEXT

D.B.M.S. College of Education recognizes the imperative of sustainability in all aspects of its operations. As part of our commitment to environmental stewardship and responsible citizenship, we endeavor to establish and maintain a green campus that fosters ecological balance, resource efficiency, and environmental consciousness among all the stakeholders. This policy document outlines our objectives, strategies, and guidelines to achieve a green sustainable campus environment.

SCOPE

This Green Campus Policy are formulated with the holistic developments of students mind, encompassing curricular, co-curricular and extracurricular activities that foster positive transformation. This green campus policy undertakes a comprehensive review of all infrastructural and administrative functions from the standpoint of sustainable developments and environmental protection.

OBJECTIVE

1. To foster a culture of environmental consciousness among students, faculty, and staff through sustainable campus practices and eco-friendly behavior.
2. To develop a clean, green, and plastic-free campus environment that promotes biodiversity, health, and well-being.
3. To implement effective waste management strategies, including solid waste segregation, composting, and safe disposal of e-waste.
4. To reduce the campus's ecological footprint by encouraging paperless communication, sustainable procurement, and green alternatives to conventional materials.
5. To promote biodiversity conservation through the protection and cultivation of native flora, herbal gardens, and green zones.
6. To establish systems for regular environmental and green audits to assess and improve sustainability performance across the campus.
7. To create awareness and impart environmental education through curriculum integration, eco-club activities, and community outreach programs.
8. To encourage sustainable mobility practices like walking, cycling, and carpooling to reduce pollution and dependency on fossil fuels.

MOU- KORU

**KORU
FOUNDATION**

Date: 21/07/2025

Ref. no. 29KF2025.

MEMORANDUM OF UNDERSTANDING (MoU) Between Koru Foundation And D.B.M.S College of Education

Duration: 3 Years (From to End)

1. Objective This MoU is entered into by and between Koru Foundation, a non-profit organization working on sustainable development, and D.B.M.S College of Education, to collaborate as Sustainability partner.

2. Theme "SUSTAINABILITY PARTNER"

3. Scope of Collaboration The partnership aims to promote sustainable practices, reduce waste generation, and build awareness among students and staff through the following activities:

- Organizing Zero Waste Events in the college.
- Supporting the transformation of the campus into a Zero Waste Institution through planning, monitoring, and capacity building.
- Conducting one activity-based session per month with students and staff on various waste management themes.
- Offering volunteering and internship opportunities for students under Project Udaan and Project Sanjeevani.
- Providing training for teaching and non-teaching staff on waste management and sustainable practices.

4. Roles and Responsibilities Koru Foundation will:

- Design and facilitate sessions and training.
- Monitor and guide the waste reduction process.
- Coordinate internships and volunteering opportunities.
- Provide technical assistance and educational resources.
- Provide Trainings to helping staff.

D.B.M.S College of Education will:

- Nominate coordinators and facilitate internal communication.
- Ensure participation of students and staff in planned activities.
- Provide necessary logistical support for sessions and training.
- Promote and implement agreed zero waste practices on campus.
